What you will discover here will shatter any illusions you have about the reasons behind the World Trade Center attack. This 'Wag the WTC' blockbuster is making a pile of money for some.

FACT: The contractor whose people were the first on the WTC collapse scene --to cart away the rubble that remains-- is the same contractor who demolished and hauled away the shell of the bombed Oklahoma City Murrah building. The name of the contractor is Controlled Demolition! Their WTC cleanup contract is worth over \$7 Billion. Are you getting the picture?

FACT: The expert widely reported as certain the WTC was demolished --who later changed his mind-- is a demolition explosives specialist from New Mexico Tech Institute. That's precisely where the people first on the Pentagon crash scene were trained. Tech was also a hot tip to get the contract for training the new Federal Air Marshals. Are you getting the picture?

FACT: Most of the World Trade Center changed hands in a \$3.2 billion, 99-year lease deal that was concluded only seven weeks before the attack; with a sweetheart tax deal and new insurance covering buildings and rents -payable to new beneficiaries. Are you getting the picture?
